

Aggregate PTSM

Figure 2

This graph complements the information from Figure 1 and provides you with a quantitative view. The maximum possible score for your group is indicated.

WHAT THIS TELLS YOU

This graph shows the trend of your group in the aggregate, in terms of their cognitive understanding of the different Sustainability Mindset aspects, as well as how they express those aspects in concrete actions and behaviors, and how they engage their feelings.

Please note that some participants decided to answer with “Neither”. The distribution of answers that scored, answers that missed the idea of the principle and those that were answered with “Neither” are shown below in Figure 3.

Distribution of PTSM, PTCM and Neither Answers
