

PRINCIPLE #5

FLOW IN CYCLES

There are no linear processes in Nature: Everything flows in cycles of birth, growth, death, and rebirth. Many aspects of man-made unsustainability of the planet are a result of the misconception that we are not governed by this law of Nature.

WHAT IS ASSESSED HERE:

HOW WE BALANCE OUR CAPACITY TO ANALYZE AND PLAN WITH THE UNDERSTANDING OF NATURAL CYCLES, AND MAKE THEM PART OF OUR MINDSET.
